Lewis Accepts Summons To Appear In Court

MEDIATION IN TROOP DATA DISPUTE SEEN

Authoritative Sources Say U. S. Is Working On Resolution To Satisfy All Nations

VOTE EXPECTED TODAY

BULLETIN
Lake Success, N. Y., Nov. 22.—(P)—India and Ecuador joined in a big power battle today in a proposed United Nations troop inventory today as the United States sought to work out a compromise between conflicting Russian and British proposals. The fight over the controversial question was renewed in the 54 nation political committee of the General Assembly shortly after the United States delegation agreed in their morning caucus that both Soviet Foreign Minister V. M. Molotov and British Foreign Secretary Ernest Bevin were partly right.

Lake Success, N. Y., Nov. 22.—(P)—The United States was expected to assume the role of mediator today in an effort to effect an agreement on troop information and arms reduction proposals now before the United Nations. Authoritative sources said the U. S. was working on a resolution that might satisfy the Soviet Union and Britain on both points. Details of the proposed resolution were not known, but it was understood the U. S. delegation views the troop information proposal as a minor issue compared to that of disarmament. American sources said U. S. Senator Tom Connally (D-Tex.) would probably speak today before the 54-member U. N. political and security committee, which has the troop and arms proposals under discussion. Soviet Foreign Minister V. M. Molotov was scheduled to all the Russian seat, and there was the possibility that British Foreign Secretary Ernest Bevin also would be present.

It was believed possible that the committee might vote today on the two controversial questions. The U. S. delegation was in consultation overnight on the issue and it was understood that Connally would amplify the American position in the light of statements made yesterday by Bevin and Molotov.

In appearing before the committee yesterday, Bevin asked that the whole question of disarmament be taken up by the United Nations. He rejected Russia's demand for information on Allied (Turn to Page Nineteen)

2 Dead in Welch, W. Va., Shooting

Welch, W. Va., Nov. 22.—(P)—McDowell County Prosecutor Richard Parsons said he expected to file a formal charge of murder today against Sam Curry, 49-year-old mine foreman, in the fatal shooting of two members of the United Mine Workers' Union, the first reported violence from the nation's idle soft coal fields.

Curry, foreman of the Little Beechmont Coal Company, was shot in the chest about 25 miles from Welch, was taken into custody at an undisclosed location last night "for his own protection," Parsons said. The prosecutor identified the dead men as Roosevelt Thomas, 45, of Bottom Creek, a former UMW committeeman, and Will Hunt, 65-year-old Eckman negro.

Président Tangles With Deep Sea Game Fish Off Florida

Key West, Fla., Nov. 22.—(P)—President Truman tangled with deep sea game fish today while his cabinet officers crossed swords with John L. Lewis in a critical economic struggle precipitated by the walkout of 400,000 soft coal miners. Mr. Truman maintained a tight-lipped silence on developments at Washington where District Judge T. Alan Goldsborough cited Lewis and his United Mine Workers to show cause why they should not be cited for contempt of his federal injunction. The injunction sought to set aside Lewis' notice to the government of the cancellation effective at midnight last Wednesday of his work contract for his miners

Byrnes Submits Proposal For Compromise In Trieste Issue

New York, Nov. 20.—(P)—A proposal by Secretary of State Byrnes to limit the size of Allied military forces in the Trieste area provided a possible basis of compromise today on a Russian demand that all troops should be withdrawn by a predetermined deadline after Trieste becomes an international territory.

The troop issue is one of two outstanding controversies remaining in a settlement of the Trieste question, which is the main obstacle to early completion of an Italian peace treaty. The Big Four Foreign Ministers Council scheduled another session on Trieste today. The Foreign Ministers canceled a tentatively eleven a. m. session on the possibility of restricting the use of the veto voting system in the Security Council by voluntary agreement among the Big Five powers—the United States, Russia, France, Britain and China.

The second issue involved in a final working out of plans for a free establishment of Trieste as a free territory under the United Nations is that of the economic relationship between Trieste and Yugoslavia. At a meeting of the Council last night, according to some of those present, Russian Foreign Minister Molotov renewed his demand for a customs union between the two states and also for joint administration of the railways in Trieste.

British Foreign Secretary Bevin retorted sharply that such an arrangement would mean the economic incorporation of Trieste with Yugoslavia.

TRIAL OF PICKETS IS UNDER WAY IN PHILLY

Philadelphia, Nov. 22.—(P)—The long-awaited trial of 16 union leaders in the violence-ridden General Electric Company strike last February was under way today with a company official testifying a picket threatened to "knock this block off" if he crossed a picket line.

Nightstick swinging mounted police and pickets battled each other on two occasions last February near the strike-bound GE plant following a court-imposed injunction against mass picketing. Francis E. White, international representative of the CIO-United Electrical, Radio and Machine Workers Union, and 15 others went on trial yesterday charged with inciting to riot, rioting and remaining in unlawful assembly.

BULLETINS

Tokyo, Nov. 22.—(P)—The government struck a third blow today at the Zaibatsu (family monopolies) in a coordinated, General MacArthur-directed campaign to hasten dissolution of the industrial empire.

Athens, Nov. 22.—(P)—Forty-two villagers who signed a petition disavowing communism have been killed, 30 others wounded and 45 houses burned by a guerrilla band in the village of Xerovrisi, about three miles north of Kilkis, in northern Thessaly, a Greek press dispatch said today.

Pittsburgh, Nov. 22.—(P)—Mayor David L. Lawrence, commenting on a suggestion by the Retail Coal Merchants Association that a "brownout" be adopted here to conserve limited coal supplies, said today that such a step is not being considered at this time.

Washington, Nov. 22.—(P)—Chairman Ferguson (R-Mich.) of a senate war investigating subcommittee said today he is determined to find out whether or not influence was used or claimed to be used in the battle by rival claimants for a surplus \$171,000,000 government plant, in Chicago.

Plane Has Potential Speed of 1,700 M.P.H.

Washington, Nov. 22.—(P)—A rocket-propelled airplane which the army believes has a potential maximum speed of 1,700 M.P.H. will be tested in California soon.

Known as the XSL, the plane is described by the Army Air Forces as a non-military craft and will be used as a flying research laboratory to test the effects of super-speed on planes. Its range will be about 100 miles.

At top speed, the AAF said, heat caused by friction would melt the craft's present windshield. Consequently, the first test flight will be restricted to about 600 M.P.H.

Record Hoard Of Gems Held By Japanese

Washington, Nov. 22.—(P)—Hundreds of thousands of cut diamonds—probably the greatest assemblage ever assembled in modern times—were hoarded by Japanese in the Pacific Alps, the southwest after the plane went down on a trip from Munich to Pisa via Marseille.

Officials of Old Field in Paris pinpointed the spot as five miles south of the Swiss village of Meiringen, which would place it at the northeast edge of the icy wastes of the Bernese Oberland and 10 miles due north of the 14,296-foot-high Jungfrau.

A war department announced last night the gems are valued at between \$20,000,000 and \$25,000,000. But gem experts with knowledge of the hoard said the army undoubtedly was speaking conservatively and of the New York wholesale price. In settings and in the possession of individuals, they said, the value would be far greater.

The gems now are in vaults of the bank of Japan in Tokyo. They were found buried and hidden in many places of the Japanese empire.

The gems came into possession of the Japanese army when the government appealed to the people to turn them in. When the Japanese surrendered, the hoard became widely distributed.

PROGRESSIVE MINERS TO QUIT IN SYMPARTHY

Gillespie, Ill., Nov. 22.—(P)—Progressive Mine Workers—Illinois coal diggers who revolted against John L. Lewis 14 years ago and formed a rival union—have voted to quit their pits in sympathy for the AFL miner chief.

The influential local No. 1 of the progressives, parent of the independent union claiming 18,000 members in Illinois soft coal fields, voted unanimously last night to remain idle until current court proceedings against Lewis are withdrawn.

The progressives mine about a fifth of the state's annual 73,000,000 tons.

Passenger Service Being Curtailed

Philadelphia, Nov. 22.—(P)—The Pennsylvania and Reading Railroads announce curtailment of passenger service as a result of the coal strike.

The Pennsylvania, because of electrification of its lines from New York to Harrisburg and from Philadelphia to Washington, was not so hard hit as the Reading by the Office of Defense Transportation order, which requires reduction of 25 percent in steam locomotive mileage.

No trains will be taken off these lines, PRR announced yesterday, but it said it will eliminate use of two locomotives on heavier passenger trains. A spokesman said this will require a reduction of the number of cars to insure on-time arrival at destination with one engine.

The Reading Company announced that 27 weekday and 15 Sunday and holiday steam passenger trains will be discontinued temporarily. Both companies' changes become effective Sunday midnight.

WRECKAGE OF U. S. PLANE IS LOCATED

Only Airfield at Paris Announces That All Eleven Persons Aboard Are Alive

AID IS BEING RUSHED

Paris, Nov. 22.—(P)—Only Airfield announced tonight that the wreckage of an American C-53 transport sought since Tuesday had been found in the Alps near Interlaken, Switzerland, and that all the 11 persons aboard were alive.

The transport was found on a 30 degree slope about 500 feet from the peak of a 10,000-foot-high mountain, according to a message from one of the search planes which was in direct communication with the grounded crewmen.

Only Field said three persons were seen walking about the wreckage. A party of Swiss mountain climbers and American nurses and doctors left Interlaken immediately for the scene of the crash, reported to be 13 miles southeast of that city.

Relief supplies were dropped and others were sped on the way to the snow-covered scene. A message from the faltering radio of the transport yesterday said eight of the 11 were "stretcher cases."

U. S. officers in Frankfurt, Vienna and Paris told of the developments in the quest, which previously had been pressed fruitlessly in the French Alps, to the southwest after the plane went down on a trip from Munich to Pisa via Marseille.

Officials of Old Field in Paris pinpointed the spot as five miles south of the Swiss village of Meiringen, which would place it at the northeast edge of the icy wastes of the Bernese Oberland and 10 miles due north of the 14,296-foot-high Jungfrau.

Earlier, army authorities had been heartened by a new radio "fix" on the supposed location of the downed C-53, 80 miles from the area in which the earlier searches had been conducted, but a heavy cloud blanket pinned searchers to the ground.

Trained American parachutists were standing by in Frankfurt, Germany, and Italian parachutists were ready in northern Italy. U. S. Italian and French Alpist and mountain troops were moving in for new efforts on the steep, snowy slopes.

War Bride Is Reconciled To Quads Arrival

Baltimore, Nov. 22.—(P)—Mrs. Charles Henn, Jr., British war bride, was "pleasantly reconciled" today to the idea of having quadruplets.

The expectant mother, taken to St. Agnes Hospital Wednesday to await arrival of a foursome, smilingly described a new set of x-rays which "all told the same story—quads 50 mm. reconciled, pleasantly reconciled."

During the week since she first learned the news, the family's financial cloud has begun to show a silver lining.

The hospital is furnishing its facilities free, and the physician attending Mrs. Henn is donating his services. The Red Cross has promised four complete layettes "with feather and drop stitches," and local dairies have been contributing for the privilege of supplying milk to the family.

To cap it all, her husband, a partially disabled veteran, told her sheapen wounds in his leg have healed enough to allow him to go back to his old trade, bookbinding.

The quads are expected in time for Christmas.

FIRST CONFERENCE OF NEW CHURCH CLOSES

Johnstown, Nov. 22.—(P)—Delegates of the newly formed Evangelical United Brethren Church closed their first conference last night after naming a commission on church federation and unity.

Delegates voted to retain the church's nine present districts, inherited from its parent churches. Each group had an east, a central, a northwest and a southwest district, and the U. B. church, in addition, had a Pacific district. Definitions of the boundaries and jurisdictions of the districts will be a problem for denomination officials.

Clamor For Special Session To Deal With Crisis Mounts In Official Capital Circles

Washington, Nov. 22.—(P)—Demands for suspension of the Wagner act and for coal mining under Army guards resounded today in Capitol Hill clamor for a special session of congress to deal with the coal crisis.

Planes for President Truman to call the lawmakers into extraordinary session came from both Republican and Democratic ranks. There was no indication, however, that Mr. Truman contemplated such a step.

One of the chief executive's closest advisers said the possibility had not even been discussed. He predicted there would be no such call. If a special session were called, it would be the 79th, or present, congress which would meet, not the new one elected November 5.

Senator Byrd (D-Va.) telegraphed the president asking that congress be called into session to back up Mr. Truman's stand against President John L. Lewis of the United Mine Workers.

In a statement, the Virginian proposed legislation which would permit the government to:

1. Impound union funds to prevent payments to strikers.
2. Take away from strikers any benefits contributed by the government or employers, such as unemployment insurance. The UMW has millions in a welfare fund built up by a five-cent a ton royalty on coal mined.
3. Authorize the organization of workers, under the Army's protection, to reopen the closed coal mines.

Rep. Hoffman (R-Mich.) proposed that the president call congress back "to suspend the Wagner act until they (the miners) go back to work." The Wagner act guarantees labor the right of collective bargaining.

From Senator Ball (R-Minn.) came a statement calling the present situation "very close to insurrection." He said that if the government "is proven impotent, then congress will be forced to clothe the government somehow with sufficient power to meet such a crisis which is likely to curtail the freedom of all groups, including labor."

Permanent Injury to Soft Coal Industry Feared By Executive

Harrisburg, Nov. 22.—(P)—If the present coal strike is prolonged, Pennsylvania's soft coal industry may face permanent injury, Governor Edward Martin declared today.

The Republican executive, who was elected to the senate November 5, asserted thousands of miners may lose their jobs if the strike is not settled quickly. "People will naturally start to use other types of fuel and if they go to the expense of converting from coal to natural gas, oil or electricity, they may be very slow in returning to coal," Martin declared at a press conference.

Martin told newsmen "one large company is already ascertaining the way in which it can transfer over from coal to the use of oil."

He asserted "what is happening now may set the pattern for the future," adding that "if a large number of industries would shift over to oil, gas, or electricity, it might permanently lose thousands of miners their jobs."

In connection with the strike the Pennsylvania Public Utility Commission has authorized all state gas and power companies to increase "brownouts" as a conservation measure.

Under the PUC ruling gas companies which have less than a 20-day supply of coal on hand were told they should restrict their service to hospitals, food processing plants, and other essential services vitally affecting public health, welfare and safety.

The state bureau of unemployment compensation was studying the situation before making a decision on whether the idle bituminous miners were entitled to unemployment compensation. (Turn to Page Nineteen)

Anthracite Diggers Returning To Pits

Wilkes-Barre, Nov. 22.—(P)—The return of anthracite coal miners idle in sympathy with the soft coal strike dropped to 7,000 today as AFL-United Mine Workers officials called for a complete resumption of operations.

"Regardless of what their leaders say, the men make up their own minds," said Michael Kosik, District 1 UMW president.

The sympathy walkout spread today to the Nanticoke area as a check of collieries showed at least five shut down and many others working with reduced forces.

The Scranton and Hazleton areas, not affected by the stoppage yesterday, reported all mines working today.

The men walked out yesterday following an erroneous report that UMW Chief John L. Lewis had been jailed.

Slaying Is Result Of A Brawl In Club

Greensburg, Nov. 22.—(P)—David Edmond Hughes, 43, of McKee road, near McKeesport, was fatally shot last night in the bar of the Hemphill Hunt Club, near New Stanton.

State Police Detective Raymond Walsh said Frank A. Clark, 51, the club bartender, told him: "It was my gun and I fired the shot."

Walsh said Clark was detained pending further action in the case. The officer said witnesses gave him this account of the tragedy: Hughes, an employee of the Union Railroad, came to the club with a relative, Willard Hughes, 46, of nearby Arona, who is a member of the club. The two men had a drink of beer in the bar and fell to arguing over \$1 which one claimed was due him.

They left the bar and outside David removed a shotgun from a parked car and struck Willard Hughes on the head with the butt of the gun, Willard fled. David ran around the Hunt club building and reentered the bar, brandishing the gun.

Inside the bar, Hughes made threats against the lives of several persons, including the bartender. Clark walked out from behind the bar, carrying a .38-caliber revolver. A shot was fired and Hughes fell to the floor, mortally wounded by a bullet which struck him in the lower part of the chest, labor." (Turn to Page Nineteen)

Plans To Cut Income Taxes Threatened

Washington, Nov. 22.—(P)—A leading Republican said today the coal strike gravely threatened G. O. P. plans to slash industrial income taxes by 20 percent.

Rep. Carlson (R-Kas.), a house leader on tax legislation who becomes governor of Kansas in January, told reporters that unless stability is established between labor and management, tax reductions "will go by the board."

Carlson, a member of the tax-framing house ways and means committee and author of the pay-as-you-go tax plan, voiced the opinion that if employment is stabilized the federal budget can be balanced next year, some payment made on the national debt, and taxes reduced.

Carlson was elected governor of Kansas November 5, and is now moving his office to Topeka. House Republican leaders have put at the head of the their legislative calendar, when they take control in January, legislation trimming individual income taxes by one-fifth and cutting back the excise list.

Arriving in his chauffeur-driven Cadillac at union headquarters 15 minutes later, Lewis again posed for photographers on the steps of the six-story UMW building.

His presence in the District of Columbia for the first time since Federal Judge T. Alan Goldsborough ordered his appearance in court Monday indicated he was ready to accept personal summons from U. S. marshals.

No marshals were on hand when he arrived, however, and Lewis went immediately to his sixth floor office.

His squad of attorneys already was in the building.

The writ is another step toward possible clanging of jail doors in the UMW chieftain's face. It directs him to appear before U. S. District Judge T. Alan Goldsborough on Monday and tell why he did not honor an order to recall his contract "termination" of Wednesday night.

If Lewis fails then to clear himself of the contempt charge—possibly by calling off his "terminator" notice or by showing that his stand is lawful—the next step will come Wednesday. On that day, Judge Goldsborough "with an advisory jury" will decide Lewis' guilt or innocence.

If convicted, the union might be fined and Lewis sent to jail, until he obeys the court.

MINE UNION CHIEF IS CITED TO "TELL IT TO THE JUDGE" IN WASHINGTON ON MONDAY

Two Federal Deputies Serve Writ on Leader When He Arrives at Office in Capital From Home In Alexandria, Va.

TENSION IS MOUNTING THROUGHOUT THE FIELD

Washington, Nov. 22.—(P)—Two federal marshals served John L. Lewis with a summons today requiring his appearance in federal court Monday morning to answer a contempt citation resulting from the soft coal strike.

Lewis accepted the summons in his private office "without comment," an aide reported. Federal Judge T. Alan Goldsborough last night ordered Lewis to show why he should not be held in contempt for refusing to withdraw his contract termination notice—the signal which led to the walk-out of his 400,000 bituminous coal miners.

The two federal deputies went to Lewis' office a few minutes after he arrived at union headquarters from his home in nearby Alexandria, Va., where he had been in seclusion for the last 36 hours.

The deputies ascended to Lewis' sixth-floor office in the Union Building, where the mine leaders were waiting for them.

The marshals were with Lewis only a few minutes and then left. Apparently in good spirits, the mine union chief emerged from his home at 10 a. m. for the short drive into the capital.

He stood on his porch to pose for cameramen, his cane on his arm, and a cigar in his hand. "Take your time, boys," Lewis said.

To reporters he said he had no statement to make other than that he was headed for United Mine Workers headquarters in Washington.

A crowd that gathered around Lewis' suburban Virginia home yesterday had dwindled away. Only reporters and photographers were on hand when he emerged.

Lewis May Get Cold Before End of Strike

Alexandria, Va., Nov. 22.—If the coal walkout continues, John L. Lewis may get cold, too. He probably has less than a month's supply of coal at his home.

This opinion comes from Ches Pannon, the man who sells Lewis his coal.

Fannon told a reporter today Lewis had a small bin for his huge house.

"It only holds about a month's supply," he said. "And we haven't put in any coal lately."

Lewis has some fuel insurance, however. There's a woodpile in his back yard.

Arriving in his chauffeur-driven Cadillac at union headquarters 15 minutes later, Lewis again posed for photographers on the steps of the six-story UMW building.

His presence in the District of Columbia for the first time since Federal Judge T. Alan Goldsborough ordered his appearance in court Monday indicated he was ready to accept personal summons from U. S. marshals.

No marshals were on hand when he arrived, however, and Lewis went immediately to his sixth floor office.

If convicted, the union might be fined and Lewis sent to jail, until he obeys the court.

In the mine fields, tension mounted as the idle miners watch-

ed the struggle between their leader and the government. Two men were shot fatally in West Virginia in the first major flare-up of violence.

Railroads, steel mills and their customers, public utilities and other big users of soft coal began balking down for the worst—a protracted work stoppage in the 3,300 government-held mines.

A "brownout" to save fuel darkened the capitol dome itself, while Republican and Democratic congress members joined in demands for extraordinary measures. Some asked for special legislation to force Lewis to return to work, but President Truman said that was unlikely.

Neither Lewis nor his lieutenants gave any inkling what he intends to do when he goes before Judge Goldsborough.

One person in close touch with the behind-the-scenes activity suggested the week-end interlude before the court appearance might have been strategic. He pointed out it would give Lewis an opportunity at least to try for an out-of-court settlement with the government.

President Truman, still on vacation at Key West, Fla., likewise had nothing to divulge on the administration's plans for getting the mines back into production.

Phil Murray Re-Elected By Acclamation

Atlantic City, N. J., Nov. 22.—(P)—Philip Murray today was reelected president of the CIO by acclamation.

There was a 15-minute demonstration while a band played "Hail to the Chief" and CIO leaders paraded across the stage.

Shortly before the election, on this final day of a five-day meeting, the delegates took one more whack at the Communist party.

They changed the preamble of the CIO constitution to declare: "We turn to the people because we have faith in them; and we oppose all those who would violate this American emphasis of respect for human dignity; all those who would use power to exploit the people in the interest of Allied loyalties."

There was no debate. The convention, acting on a swarm of important measures, also adopted a foreign policy resolution calling for world disarmament and opposing further stockpiling of atomic bombs.

In contrast to other convention resolutions the recommendation on foreign policy brought a considerable number of "no" votes.

Jack Altman, vice-president of the wholesale and retail employees' union, declared in a fiery speech seeking to amend the statement that "dictatorship" should be condemned as a disease instead of merely "fascism."

CIO delegates and their five-day meeting today by re-electing President Philip Murray—the man who performed the trick of making a CIO convention sound like one big happy family.

The final day, with important matters pending, the program could produce a spout of hot words after all—but Murray managed the first four days with such a firm hand that bitter factionalism boiled only behind closed doors.

In those four days there was nothing faintly resembling a debate on the floor over anything at all.

Seldom in the CIO's history has a convention run that smoothly. Yet the most outspoken anti-Communist elements in the organization came here more bitter than ever before.

Vital Clauses Which Form Basis For Coal Wage Dispute

Washington, Nov. 22.—(P)—These are the two clauses of the government contract with John L. Lewis which form the basis of the present dispute over whether the agreement can be reopened:

1. "This agreement x x x covers for the period of government possession the terms and conditions of employment herein, this agreement carries forward and preserves the terms and conditions contained in all point wage agreements x x x."

Babylon Hill Is Dangerous Says Driver

Babylon Hill, just outside of Tidoute where a large trailer truck recently smashed up with serious injuries to the driver is pronounced dangerous by a Titusville motorist.

In the Tidusville Herald of this morning the following is gleaned and it is expected some action will be given the hill by the maintenance crews:

Howard Kerr of this city informed The Herald last night that unless Babylon Hill receives some attention for its drainage, it will be a very dangerous place the coming winter. He told of coming up the hill just this side of Tidoute on Wednesday night and being compelled to drive with his right wheels on the berm in order to reach the top of the grade and said that the cars going down had to exercise great care because of the slippery surface.

While Wednesday night was frosty, Mr. Kerr said the condition came from seepage of water from the hillsides running over the road.

Railroad Lays Plans To Save Coal Locally

Due to the situation in the coal industry the Pennsylvania railroad is making preparations to cut service and to save coal. Announcement was made yesterday that the New York Pullman, which was brought to Corry on an evening train from Oil City will run from Erie during the emergency.

This change is made due to the fact that two trains running between Oil City and Corry have been annulled and will not be operated during the coal scarcity.

The Pennsylvania railroad also announces that two trains Nos. 578 and 583 which operated between Emporium and New York will be cancelled.

The order will take effect Sunday. Trains through Warren are all on through runs and will not be affected.

Orders relative to freight movements have not as yet been made.

J.; Warren, Pa.; Kansas City, Pa.; Chicago, Ill.; St. Louis, Mo.

The bonus will be paid during the week of December 8.

"Dimmed areas" during the war experienced the highest traffic death rates in history per vehicle operated the bureau pointed out.

FEW IN WOODS

Few hunters were in the woods yesterday and reports showed few took to the bear lands today. However with the season closing tomorrow and with most manufacturing plant employees having the day off many are expected to be out as indications are that some snow may fall. The number of bears shot this year so far has been comparatively small. Yesterday Game Protector Norris and his aides did not check a single bear.

SUBSIDY PAYMENTS MAY GO

Increase in the price of crude oil has raised the possibility of eventual elimination of subsidy payments for oil produced from a stripper or marginal wells in the mid-continent area and for reduction of payment in the Pennsylvania field. Officials of the office of War Mobilization and Reconversion said no action has been taken as yet by the agency as the result of the boost in crude prices, reported to range from 10 to 20 cents a barrel. However they said, revision of the subsidy payment program "is in the making in line with past actions in connection with the program."

Hike Expected In Sugar Ration In Few Months

Good news for Warren housewives came in the announcement from Washington that reliable government sources believe the basic sugar ration for consumers will be boosted next spring, probably in April.

At the same time, they said, industrial users, such as soft drink and food manufacturers will get a comparable increase by having their allocations hiked by 60 to 70 per cent of their 1940-41 base period.

These sources said an anticipated improvement in Cuban sugar shipments will make the increase possible. But they said there was no prospect for the complete abandonment of sugar rationing before the spring of 1947.

On this new basis, consumers would get a basic ration of 20 pounds a year instead of the present 15 pounds. In addition each ration book holder is entitled to 10 pounds of canned sugar this year. This presumably will continue.

Overcoats Due For Use This Weekend

Overcoats are due to be brought out of the mothballs for use over the weekend as the weather bureau has sent out a storm warning to cover the east.

According to the dopesters on the weather the mercury will drop from 15 to 20 degrees and there will be snow flurries with the wind out of the northwest.

The cold wave is moving in from Canada and will send the thermometers scooting downwards in the midwest today and will hit into this territory on Saturday. It is expected to lose some of its force by the time it moves into this area but bad weather can be looked for with plenty of chills and the old overcoat will feel might good.

Motorists started a rush today to secure a supply of anti-freeze as the wind caused the mercury to drop. Anti-freeze is said to be fairly scarce and with winter weather due it has become a necessity.

Reservations For December Meet

It is announced by Mildred Schorman, box office chairman for the Warren Players, that mail order reservations for the club's second major production, "Play-time," will open next Monday, November 25. Orders should be mailed to Box 563, and should be accompanied by the applicant's Players' membership card and a return, self-addressed envelope. Care should also be taken to specify whether the reservation is desired for December 5 or December 6.

The Players' program committee headed by Helen Morrow, advises that "Play-time", the program of three one-act plays, will be open to the public. The plays are being prepared in conjunction with the studio course of dramatic study currently offered for Players members but constitute the organization's second major production of the season. Non-members of the club can therefore also make seat reservations by mail at this time. Such applications should be accompanied by check or money order for the usual admission price.

Cut flower stems in varying lengths to avoid arrangements that look stilted.

THE INJUNCTION

James Marlow, Associated Press Feature Writer, in Washington

A court injunction (order) to prevent a strike is sheer poison to organized labor.

That's why the CIO and AFL so bitterly blasted the government for seeking a federal injunction to prevent the coal miners' walkout.

What had happened was this: The government went into federal court Nov. 18. It asked the judge for an injunction against Lewis.

It wanted the injunction to stop John L. Lewis from ending his contract to mine coal for the government and from encouraging his miners to walk out.

Instead of issuing an injunction right away, the court issued a temporary order telling Lewis not to do those things.

The court told Lewis to appear in court Nov. 27 to show cause why the judge shouldn't issue an injunction, which would last longer than just a temporary order.

Without going into all the details which followed, that's where the case stood—a temporary order against Lewis, maybe to be followed by an injunction—when the CIO and AFL screamed.

Here's the history behind the scream: Organized labor has had an uphill struggle in this country. For most of our history the courts have been on the side of the employers.

Until the 1880's unions were often prosecuted as conspirators. Then the courts clouted unions on the head by issuing injunctions.

(An injunction is a court order forbidding a man or group of men to do something. For example: Striking.)

The courts' view—meaning the judges' view—was this: The right to do business is a property right. If a man can't do business—say, because of a strike—he suffers a property loss.

In 1890 congress passed the Sherman anti-trust act to curb business monopolies and prevent their interfering with trade. This came at a time when corporations were getting badly bloated.

But federal judges began to use the anti-trust act—through injunctions—against trade unions on the grounds that some of their activities, like those of big corporations, interfered with trade.

Organized labor fought long and hard to wipe out this interpretation of the anti-trust act by the courts. And in 1914 congress passed the Clayton act to amend the Sherman act and protect unions from it.

But then the supreme court ruled that the Clayton act did not exempt labor from the anti-trust provisions of the Sherman Act. So federal courts continued to issue injunctions against labor unions.

At last congress in 1932 passed the Norris-Laguardia act—a very famous act in labor history—which puts a stiff limit on the use federal courts can make of injunctions in labor disputes.

NIGHT-TIME TRAFFIC KILLER

Look out or sudden death may strike you after dark! Night-time traffic will kill 25,000 people this year. That's twice the number doomed to die in daylight.

So, beware of darkness! Be particularly alert these winter months when hours of darkness are longest and when sudden deaths are more frequent.

This advice to motorists and pedestrians comes from the Cleveland office of informational service of The Street and Traffic Safety Lighting Bureau of New York.

According to the Lighting Bureau, the degree of night visibility possible with antiquated street illumination renders both motorists and pedestrians incapable of coping with modern traffic.

Tests sponsored by the Bureau in representative cities show that street illumination nationally is far below traffic safety requirements. Cities recently tested included one of two million population, one of one million, one of 300,000 and one of 35,000.

It was found that illumination of heavily-travelled thoroughfares was scarcely enough to properly light alleys under the 1946 safety lighting code. Other streets, including residential and medium-traffic, lacked enough illumination to register on scientific light-measuring instruments.

This condition of inadequate illumination for safe visibility was rapidly being corrected up to 1941, according to the Bureau. The war interrupted widespread street lighting modernization programs which cities and towns throughout the country were demanding in the interests of traffic safety. These relighted sections already show a 50 per cent reduction in fatalities.

Gas Tax Given Approval For Payments Here

Auditor General G. Harold Wagner today approved payments totaling \$12,041.50 to six boroughs and twenty-three second class townships in Warren county. The money represents the quarterly distribution out of a \$17,000,000 appropriation from the Motor License Fund, as provided for by the 1945 legislature.

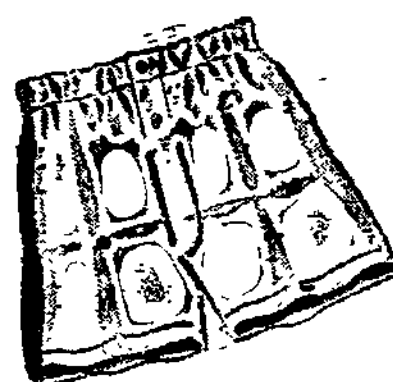

Use of the funds by local governments is limited to street, road and bridge construction, repair and maintenance. Allocations are made on a road mileage basis. The political sub-divisions are required to submit semi-annual reports, showing the work that has been completed under the provisions of the act, and the cost thereof.

The boroughs and townships receiving payments, and the amount each will receive, are:

Boroughs: Bear Lake, \$136.82; Clarendon, \$123.39; Sugar Grove, \$260.21; Tidigute, \$336.60; Warren, \$2478.73; Youngsville, \$373.53. Sheffield Girl Is
Bride of Kane Man

Sheffield, Nov. 22—Announcement is made today that on Saturday, November 16, Margaret Pellegrino daughter of Mr. and Mrs. Tony Pellegrino, 320 West Main street, became the bride of Ray Barnett, son of V. F. Barnett, of Kane.

The ceremony took place in the rectory of St. Clara's Roman Catholic church in Clarendon, with the Rev. Fr. Macken officiating.

The bride chose a brown pin-point check suit and pink accessories, with corsage of pink roses. Angelina Pellegrino was her sister's maid of honor and wore a winter white suit with black accessories, and red rose corsage.

Wayne Barnett acted as best man for his brother. The mother of the bride wore an orchid and black dress with black accessories, and a corsage of red roses.

Following the ceremony, a dinner for the immediate families was served at the Blue and White Restaurant, Warren. The table was decorated with pompoms and a

three-tier wedding cake. A reception was held at Pellegrino home in the afternoon. The bride is a graduate of the local high school, and is employed at the Miles-Kane Company. The groom is a graduate of Kane high school, served in the army, and now is employed at the Holmes Company at Kane.

The bride chose as her going away outfit a gray pin stripe with lime accessories. On their return they will live at 315 Muffet avenue, Kane.

Barnes Couple Enjoys
50th Wedding Event

Barnes, Nov. 22—The home of Mr. and Mrs. Rudolph Taylor was the scene of a very lovely golden wedding celebration on Wednesday.

Their daughter and husband, Mr. and Mrs. Earl Ebling, of the Warren-Jamestown road, arranged the delightful affair, bringing the dinner. This included a beautiful three-tier wedding cake, iced in yellow and topped by a miniature bride and groom, around which were placed 50 candles. Mr. and Mrs. Taylor received

Quiz Bookmarks

Those who borrow books from the libraries in Warren, Sheffield and Youngsville in the next few weeks will be provided an easy way of checking up on their health. Bookmarks being placed in books borrowed contain a check list to test the reader's knowledge about chest x-rays and tuberculosis symptoms. They also bear holiday greetings from the Warren County Tuberculosis and Health Society, which has supplied the markers. The bookmarks serve not only as a health check list, but also as a reminder of the annual Christmas Seal Sale, which opens November 25 to raise funds to combat tuberculosis. "This disease is particularly dangerous," say the librarians, "because it seldom has pronounced outward symptoms in its early stage. The disease may progress to the point where recovery is difficult before the individual knows he is ill. Meanwhile, he may be innocently spreading tuberculosis to his family and friends. If all cases of tuberculosis could be found when the disease first strikes and its victims placed under immediate treatment, we could prevent its spread. Tuberculosis can be found in its early stages by means of a chest x-ray, because the x-ray can 'see' the diseased lung before the individual is aware he is ill. If every adult had periodic chest x-rays and those found to have tuberculosis accepted immediate treatment, we could conquer this public health menace."

many lovely gifts, cards and flowers from friends and neighbors. Those present for dinner in the evening were the honored ones, with Mr. and Mrs. James Parrish, Mr. and Mrs. Earl Ebling, Warren; Mr. and Mrs. Roy Silvis and son, Clarendon; Mr. and Mrs. Gerald Silvis, Erie.

Many At Birthday
Dinner Party Of
Catholic Women

The Catholic Daughters of America, Court No. 834, observed its 23rd anniversary with a birthday dinner at the American Legion Home last evening at 6:30 o'clock with 90 members and guests in attendance.

Tables were beautifully appointed with court's colors, purple and gold. Chrysanthemums of the same color were used throughout. Miss Rita Retzer, grand regent, was toastmistress for the evening. Guest speakers included Rev. M. E. Dailey, Warren; Rev. Edward Jacobs, Tidoute, and Rev. S. Mitchell, St. Boniface rectory, Erie.

Mrs. F. J. Kotmar, vice-grand regent, expressed her sincere appreciation to all who had assisted her in making the card party so successful.

A varied musical program was enjoyed, with group singing under the capable direction of Mrs. Paul McGarry and accompanied by Mrs. Donald Edinger.

The committee in charge of the affair was capably handled by Mrs. G. B. Monroe, Mrs. Nell Randall, and Miss Mary Mills.

WIN ONE CLASS HONORS MEMBER

At the regular meeting of the Win One Class of First Evangelical church, held Tuesday evening at the home of Mrs. Virginia Peterson, the 20 members gave a bridal shower for Maxine Custer, who is to be the Thanksgiving Day bride of John Ebbert, of Warren and Reno. The ceremony will be performed in First Evangelical church. After the bride-elect had been presented with lovely gifts, refreshments were served by the hostesses, Mrs. Peterson and Miss Edna Whann.

SOCIETY NEWS

November 8 Rite Is Announced By The Bride's Mother

Mrs. Sarah J. Van Volkinburg, 5 Nemith street, announces the marriage of her daughter, Jean Ann, to Laurence W. Mesler, son of Mr. and Mrs. B. W. Mesler, 232 Pennsylvania avenue, west. The double ring ceremony was performed by candlelight at 2 p. m. November 8 in First Baptist church by the Rev. Milton G. Perry.

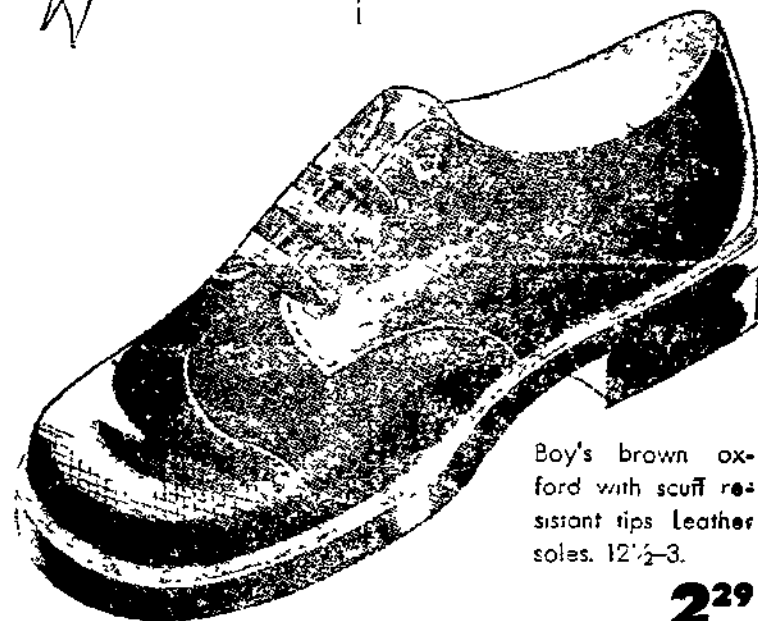

Simple decorations included gold and white mums placed before the altar. Harriet Lind, at the organ, played "Ave Maria," "Romance," "Always," "O Perfect Love," and "I Love You Truly," and the traditional wedding marches. Escorted and given in marriage by her brother, Elmer Van Volkinburg, SoMH 3/c, USN, the bride wore a two piece frock of dusty pink wool, with silver pallies on the flared peplum and sleeves. Her hat, with silver sequin crown and small veil caught between black feathers, matched black accessories. Gardenias fashioned her corsage. Her only attendant, Virginia

Leave, wore a two piece lime dress with cherry cokes accessories and a corsage of red and white roses. Both mothers wore pink rose corsages and brown accessories with brown suits. Lyle Stanton was Mr. Mesler's best man. A reception followed immediately at the bride's home for about 50 guests. A beautiful tiered wedding cake, topped with miniature figures, was flanked by candles for the attractive bride's table. The couple are now at home to friends at 449 Prospect street, following a wedding trip to New York state and Canadian points. For traveling, the bride chose a melon-rose suit, with black accessories. The bride, graduate of Austin, Pa., High School in the Class of '43, has been employed in the office of the Certified Electric Corporation here for the past year and a half. Mr. Mesler, who attended the local high school, received his discharge in March after three years of service in the navy, 18 months of which were spent in active duty. He is now employed as a GI apprentice at Carlson's Service Stores. The bride-elect was honored at parties given by Mrs. Bert W. Mesler, office girls at the Certified Electric, and by her mother. A guest list of 75 at the wedding included the following from out of town: Mr. and Mrs. Henry Hunter, Tidoute; Mrs. Victor J. Abbey, Girard; Mr. and Mrs. David Pierson, Titusville; Mr. and Mrs. James Mesler, Youngville; Mr. and Mrs. Pat Coy, Irvine; Mr. and Mrs. Roy Overbeck, Ludlow; William Mesler, Kane. When putting elastic in children's panties, sew a hook on one end and an eye on the other. This makes it easy to remove the elastic for laundering, and it will last longer.

MRS. NELSON HAVING 94TH ANNIVERSARY The Times-Mirror joins with many other friends in the community in extending best wishes to Mrs. Sarah Nelson, formerly of Warren, who will celebrate her 94th birthday anniversary on Sunday, November 24. Mrs. Nelson is now making her home with her son, Clark Nelson, in York.

SUGAR GROVE

Sugar Grove, Nov. 19—Miss Anna Langdon was the guest speaker at the November meeting of the Reading Club at the home of Mrs. A. A. Grant, Tuesday evening with eighteen members and guests present.

Mrs. Roy Briggs presided at the meeting and Mrs. Travers Stohberg led in the reading of the Club Collect and the Salute to the Flag. The group joined in singing Happy Birthday to the hostess. Following the brief business meeting, Shirley Sherrard played a piano solo "Calm As the Night" and Martha Grant played three clarinet solos, with Shirley accompanying. Beautiful Dreamer, I'll take You Home Again Kathleen, and Carry Be Back to Old Virginia. Mrs. Briggs then introduced Miss Langdon who was not a stranger to most of those present having been born in Sugar Grove and now visiting her sister, Mrs. John M. Abbott and relatives and friends in other places in the east. Miss

Langdon has taught and supervised other teachers in the Seattle, Wash., schools in the work of teaching of Speech to children who have defective speech in any form. She defined the various types and causes of defective speech and then told what was being done on the west coast in this line. Her talk was informal and interspersed with questions and discussion by those present.

At the close of the meeting she was given a rising vote of thanks by those present who expressed their appreciation of an interesting program on this work which was not familiar to most of those present.

Mrs. Jesse Thompson entertained the Embroidery Club Saturday afternoon in honor of Mrs. Frank Conklin and Mrs. Lewis Barlow who are leaving to spend the winter in Florida. Mrs. Barlow was unable to attend on account of illness. Other guests were Mrs. G. A. Smith and Mrs. Delmar Mickelson.

Mrs. Margaret Bindley who celebrated her seventy fifth birthday

Armistice Day was given a delightful surprise when her sisters, Mrs. J. E. Abbott and Mrs. A. G. Abbott and her brother John Moore and wife came and brought a delicious dinner and spent a part of the day with her. Mrs. Bindley who has not been well for many months expresses her gratitude to all who made the day a happy one for her.

Pvt. Fred Anderson, son of Mr. and Mrs. John Anderson, has returned to Camp Stoneman, Cal., after spending a furlough here. Pvt. Anderson who enlisted in May, received basic training at Fort Knox, Ky., and then went to Fort Benning, Ga., for paratrooper training, receiving his wings early in October. He expects to leave Camp Stoneman for duty in Japan with the 11th Airborne Division.

Mr. and Mrs. Ellsworth Wilson and daughter Catherine and Mrs. Allan Peterson of Jackson Run spent the weekend in Pittsburgh where Mrs. Peterson was the guest of her parents. The Wilsons attended the wedding of a cousin George Storer and Miss Lois McCombs in Pittsburgh, Saturday and were guests of Mr. and Mrs. George Erb in Pittsburgh and other friends in Washington and Corroopolis. William McPherson accompanied his sister Mrs. Peterson home and will be a guest at her home.

Mrs. Lucille Irvine and children of Wrightsville, and Miss Betty Saunders of Jamestown were Sunday guests of their parents Mr. and Mrs. W. A. Saunders.

Mrs. Milton McClellan and F. A. Schoonover were in Erie Monday where Mr. Schoonover attended a dinner meeting of the Funeral Directors Association.

Mrs. C. L. Ekdahl of Rounds Hill, last week picked roses from a bush of the variety which usually blooms in early June.

Mrs. E. T. Gregory had an unusual experience in her home Saturday when she heard a squealing noise in the attic of her home, running up there she discovered a large rat drawing his last breath and another running across the floor with a black animal chasing it. Mrs. Gregory called Ed Hanson who operates a mink farm and he brought and set a live bait mink trap Monday morning and by afternoon had caught the strange animal which proved to be a large black mink. Mr. Hanson remarked that was his first experience catching a mink in a house.

National Forge Big User Of Electricity In Plant

In the current issue of Today, the house organ of the Penelec, there is an interesting article from the pen of Col. P. J. Stevenson, of the Penelec staff. It follows:

One of the largest industrial power consumers of Penelec is the National Forge and Ordnance Company, Irvine. This customer, served from the Eddy street substation of the Warren district, is engaged in the manufacture of basic electric steel forgings, together with a considerable amount of ordnance work for both the Army and Navy. While the National Forge is not large compared with our giant steel organizations, it is one of America's outstanding medium-sized steel forging firms.

The company was organized in Erie in 1914 as the National Forge and Tool Company. In the spring of 1927 it was reorganized as the National Forge and Ordnance Company and entered into the production of heavy ordnance forgings in addition to the regular line of commercial forgings. The growth in electric load has been tremendous over this period. In 1926, a statement for \$140 per month was considered high. Since that time the load has grown from a few hundred kw. to a connected load in excess of 20,000 kw. In the same period of time the kw. has grown from 11,000 to a maximum monthly use of 1,750,000.

Early in 1929 the management of National Forge decided to install an electric arc furnace. In the summer of that year the first installation of a 3-phase Heroult electric furnace was ready for trial. This was a six-ton furnace, capable of producing at least eight tons of steel per heat. It had a connected capacity of 3,000 kva. It was followed within a short time by a twelve-ton furnace, capable of producing a minimum of fifteen tons of steel per heat, and a small 4-ton experimental furnace. These three furnaces give a combined capacity of approximately twenty-nine net tons per heat and, by teaming them, produce a 60,000-pound weight ingot. During the past emergency, as much as 100 tons of the finest steel was produced daily in ingot form.

It was through the foresight of the management that National Forge and Ordnance Company has continued to grow and now has the reputation of being one of the leading manufacturers in the forging industry. This is evidenced by the large volume of quality commercial forgings produced and by their outstanding production of ordnance for the Army and Navy during World War II. Their accomplishments for the latter resulted in their being awarded the Navy Ordnance E, All Navy E with one star, and the Army-Navy E with six stars. However, one should not be led to believe that the company's ordnance production occurred solely during the past emergency. National Forge has worked closely with the Army and Navy since World War I. Their slogan, "Make Sure Your Forgings are National Forged" is sound advice to all users of forgings desiring high quality productions.

this literature has come to the pastor.

Christmas plans were also made for a program in the church auditorium for the entire church school with the probable date Friday, Dec. 20th and a Christmas party for the younger children under nine years of age on a Saturday afternoon. The Christmas candy treat has already been purchased by the Methodist Brotherhood. A report was given on the recently organized class of young ladies with Mrs. C. E. Stillings as teaching that it was growing with a present enrollment of fourteen.

It was decided because of the December gatherings to omit a Sunday School Board meeting in December but to hold on the evening of Jan. 15 a dinner meeting with committee, Mrs. R. H. and Miss Nellie Knapp.

THANKSGIVING SERVICE

The Methodist choir is to give an evening of Thanksgiving music on Sunday evening Nov. 24th at 7:30 p. m. in the Methodist church.

The Union Thanksgiving service is Wednesday evening, Nov. 27th in the Free Methodist church with Rev. E. W. Chitester bringing the message and the Free Methodist pastor Rev. Chase in charge.

TO GIVE MUSICAL

The Youngsville High school senior class is now working on the gay musical comedy, "Cinderella Rose" which they will present on the evenings of Dec. 5th and 6th. The play has a southern setting and takes place in a college town with attractive garden scenes. Miss Zuendal is directing the play and a capable cast has been carefully selected for this production which will have musical charm with plenty of humor.

BITS OF NEWS

Mrs. Mary Bordwell of Warren, formerly of Youngsville, left this week for Cleveland where she will spend the winter with a niece and a daughter.

Many hunters are in the woods in this section looking for bear. Forest Kurts Reed reports seeing a brown bear near Hearts Content.

At a recent wedding at the Methodist parsonage of Youngsville, Rev. E. W. Chitester united in marriage Otto Weber of Sugar Grove RD and Miss Clarice M. Coon of Corry RD. The single ring service was used. The young couple were unattended.

Mrs. J. A. Sagardahl and sister Mrs. Nellie Martindale were Jamestown visitors this week.

Somalland has been known from ancient times as regio aromatica because of the large number of aromatic plants found there.

Gray-Y Grid League Title Won By Lacy

The Gray-Y football league wound up in Frank Merriwell fashion last evening on Beaty Field, when, in the final game of the league, a determined Lacy outfit, led by Bob Dickerson, eked out a 14-12 victory over a strong Johnson eleven, captained by Dick Lundahl.

The two teams were tied for first place, having only one each, and Lacy thus emerged as league champs after last night's game. The game was a thriller all the way through. Johnson showed power in the first half and quickly pushed ahead 12-0. Neither team was able to garner the points after touchdown; but Lacy caught Johnson behind its own goal line to gain two points, and those points ultimately decided the issue. Dickerson sliced off long gains in the second half to set up Lacy's two touchdowns, the second coming after his team broke through to score the deciding 2-pointer.

A sizeable crowd was on hand to watch the exciting tussle, including scores of girls and boys rooting for their favorite team. The Gray-Y basketball league will get underway early in December.

Creighton Tigers Present Fast Outfit Trained to High Degree

Perhaps there has not been a game played by the Red Jackets this year to which so much interest attaches among the fans due to the fact that this is with one exception the outstanding team of Allegheny county. The Tigers have had a long season and have played such outfits as the Kiski, who have met and defeated the Navy Plebes and other outfits of high calibre.

Creighton situated on the banks of the Allegheny river near Tarentum with its thousands of steel workers, near Springdale with its steel workers and with their big glass plant at home has had a football team for years playing under the Tiger banner. They have access to the best players in a wide area and East Deer Township High School, Tarentum and Brackenridge all produce top notch talent and the team is always skinned by the Tigers.

The game Sunday will start at 2 o'clock and it is freely predicted that one of the biggest crowds of the year will attend as the Creighton Tigers are known far and wide for their ability to give any opponent a battle royal.

Ken Wisner is confident that his charges will give out with some real football and Pete Fanaritis smiles and says "Wait and see, they will know they met a football team" when queried as to his forecast.

The following is the line-up of the Creighton team with the weights and positions of the players and also where they attained their football skill:

26—Ferrare, LE, 185, East Deer Hi-Armory.
28—Prager, LT, 205, Tarentum Hi-Carnegie Tech.
10—Mellon, LG, 170, Tarentum Hi.

22—Bracco, C, 201, East Deer Hi-Pitt.
26—Valent, RG, 183, Carnegie.
34—Barbus, RT, 194, East Deer Hi-Carnegie.
17—Killian, RE, 210, Springdale Hi-Armory.
28—Thummons, Q, 175, East Deer Hi-Armory.
21—Hawkins, LH, 165, East Deer-Armory.
25—Kachurick, RH, 170, East Deer-Armory.
18—Ianni, FB, 203, East Hi-Coast Guard.

The Tigers carry a big squad and have replacements galore with some special lads trained for passing and other plays.

Others in the line-up as replacements are:

28—Cemple, center; 24—Howe, look, guard; 19—T. Ianni, tackle; 27—M. Cooper, center; 14—W. Cooper, end; 30—Hussar, back; 15—J. Hill, back; 35—Ctowski, back; 38—Shreck, tackle; 11—Hans, guard; 25—Hrabowsky, tackle; 27—Donesfield, tackle; 41—M. Wos, guard; 42—Novesat, end; 43—Liska, end; 20—Rometo, back; 31—Green, back; 12—Shields, end; 33—H. Ferrare, tackle; 44—Woods, end.

"Jumbo" Stovick is coach of the outfit and he has had a long experience with teams in the district. John Stangler, Sam Tarbi and G. Shamburg are co-managers.

L. A. Officials Invite The Irish, Cadets For Rematch

Los Angeles, Nov. 22.—(P)—The City of Angels, still seething with indignation over the Coast Conference-Big Nine closed shop on the Rose Bowl, excluding Army, appeared determined today to bring the Cadets out here, one way or another.

The city council yesterday invited Army and Notre Dame to play a rematch of their recent scoreless game, and Councilman Harold Harby said both institutions seemed receptive to the bid, with an answer probably forthcoming tomorrow. The council would stage the game December 22 or 25 in 103,000-capacity Memorial Coliseum, with most proceeds going to charity.

The game probably would be co-sponsored by the county council of the American Legion, which also wired a proposal to West Point and South Bend.

After telephone calls, Harby said Maj. Gen. Maxwell Taylor, West Point commandant, promised an answer within two days, and that Father John Cavanaugh of Notre Dame said the Irish might favorably consider the game, if Army accepts.

War Veterans Give Strength to Red Jackets

Two of the men on the Red Jacket team bring to the game the same zest and enthusiasm that they used on the Japs in the South Pacific and when the visiting team comes charging along they make 'em retreat. These boys are Martines and Sirriani. Martines served in the Navy with the 39th Construction Battalion and Sirriani did a stretch with the Marines. Both are hard as nails and add much to the strength of the Jackets.

Martines played two years with the Jamestown High School and this is his fourth year with the Red Jackets interrupting his playing here to serve on Uncle Sam's team that blocked the kicks of the Japs. He is an 11 second man and can outgallop any of the visiting backs. He is a good offensive man as well as being a mighty strong defensive player. His wife is a faithful rooter when he plays.

Sirriani is a local product and played three years on the High School team here and one year at Franklin and Marshall College. His college career was interrupted by service in the U. S. Marine Corps and following his return to this country did a stretch of playing professional ball on the West Coast. He is a worthy addition to the Red Jackets and a favorite with the fans.

Sirriani is now employed by the Pennsylvania railroad here.

Warren 10th In Conference Of the Big 18

The Erie Quarterback Club named Sharpville High School's undefeated Blue Devils as champions of the Northwestern Pennsylvania Big 18 school football conference for the 1946 season.

The group debated for more than an hour before deciding on Sharpville after Bradford High's Owls, Erie Tech, Meadville and Strong Vincent came in for heavy consideration. Eddie Abramowski, Erie Tech coach, made the final motion in favor of Sharpville and it was carried without a dissenting vote. (Abramowski's Tech team lost to Bradford, but did not play Sharpville.)

Sharpville won four conference games, from Grove City, Greenville, Erie Prep and Erie Strong Vincent.

Bradford rated fourth behind Erie Tech and Meadville, defeated Erie Vincent, Erie Tech, Oil City and Warren in conference competition, while losing to Erie Academy.

Meadville's conference wins were over Greenville, Corry, Farrell, Franklin, Grove City and Titusville. The Bulldogs lost to Erie Academy and Erie Vincent.

Tech played seven conference games. The Centaurs downed Grove City, Erie Strong, East and Academy while losing to Bradford and Vincent.

Final conference standings:

INNOCENT

"Snippy" answers to customers? The "run-around"? The "let-em-wait" attitude? Not at Personal Finance Company! My customers have declared me Innocent!

And they say I'm not guilty either of saying "No" to them when they ask for something. Proof: 4 out of 5 who ask for a loan here—get it!

"Personal" makes loans from \$25 to \$250 on a signature alone, or on furniture or auto. Friends, relatives or employer not notified. Usually I say "Yes" to loan requests in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why "Personal" is so often able to make loans that others cannot.

Like most people, I don't believe in unnecessary borrowing... but when a loan is needed or to your advantage, I'll be glad to say "Yes." Any time you need extra cash—see me, won't you? I'm at Personal Finance Co. 216 Liberty street, second floor, over Lester Shoe Store. Phone 285.
